For further details, visit: [www.shrewsburyfilm.org.uk](http://www.shrewsburyfilm.org.uk)

*Inspired by the best-selling book “The Spirit Level” by Richard Wilkinson and Kate Pickett, the film tells the stories of 7 individuals striving for a better life in modern day USA and UK. By plotting these tales together, it graphically shows how virtually every aspect of all our lives is controlled by one factor: the size of the gap between rich and poor.*
